About Casa Tile India

Over 32+ years of history to become a worldwide leader in tile manufacturing.

Casa Tile has been growing in the past decades adding showrooms and distribution centres in strategic locations to provide nationwide service. Today, Casa Tile is part of a worldwide leader in manufacturing, distributing and marketing of high-quality full body tiles and technical porcelain tiles. Driven by its strong quality focus and innovative spirit with simplicity. The company has been one of the market leader in ceramics. Today casa tiles is one of the largest manufacturer of full body vitrified tiles.

The Company's offer wide product range of solutions for multiple uses, from versatile floor tile to highly resistant indoor and outdoor floor tiles, which come in a wide range of colors and textures to complement Every space in your home from market trend to classic look to choose for residential and commercial use.

At Casa, our commitment to the environment goes beyond compliance with the regulations in force, taking measures in accordance with the circular economy to reduce our impact on the environment, with the reduction of material consumption and the reuse and recycling

All Casa products can help you obtain a better score in the Green Sustainability, the most widely used Green Building Certification for sustainable buildings, so that our tiles contribute to the improvement of the environmental characteristics and facilitate the sustainability certification of the buildings where they are employed.

We apply rigorous continuous improvement and sustainable criteria programs at all phases of our production processes, which are reviewed externally on a regular basis with the Integrated Environmental Authorisation (AAI), ISO 14001, ISO 9001, IMC, CE, REX, TRS certifications; as a guarantee of quality and environmental compliance of our floor and wall tiles.

HERITAGE, ART, INNOVATIVE, DESIGN.

*Full Body Tiles by Casa
is dedicated to this
extraordinary place,
which for 200 years
has combined the
art of the past with
teaching for the future.*

STRONG HOMOGENEOUS FULL BODY

Solid

Safe,
Clean,
fireproof

Highly
sustainable

A material that is homogeneous throughout. A solid material which makes no distinction between outer surface and core, made with interpenetrating mixes of different colors.

FULLBODY
UNIQUE FEATURES

A

**Only
minerals**

Only natural raw materials and minerals. Not a reproduction, but a full-body authentic material.

B

**Multicolor Chips
and Grains**

An unrivalled variety of coloured slivers and grains, obtained exclusively from natural raw materials.

C

**True Random
Effect**

Each tile is unique, and not two are ever the same. An attractive, random blend of multi-coloured slivers and grains.

D

**Highest pressure
and fire.**

A uniform body, indestructible and non-absorbent. Compacted at extremely high pressure and baked at 1200° C.

Characteristics

Recycled content

Made with a minimum of 70% recycled pre-consumer material, rejected technical tiles and may contribute to obtain GREEN Sustainability.

Finish

HYBRID+
TECHNOLOGY

**FULL BODY
SKID RESISTANT
GERM FREE**

Protect
ANTIBATTERICO - ANTIMICROBIAL

**No Germs & Fungus, Less Health Issues | Get Rid of the Odours
Various Applications | Improves Quality of Life**

Casa Fullbody Tiles Collections comes with protect antibacterial hybrid+ technology. These Vitrified matt tiles is an innovative product made from finest ingredients with anti microbial treatment that inhibits growth of germs like bacteria and fungus.

This full body product with skid resistant property can be safely used in hospitals, schools, residential areas, offices or any other commercial spaces, where longevity and hygiene is paramount.

FULL BODY

These tiles are ideal for zones with heavy footfall because even after extented use, their colour remains the same.

SKID RESISTANT

A versatile surface with skid resistant property makes these tiles perfect for zero slippage on slopes of upto 25°.

GERM FREE (99.9%)

A specially formulated anti-microbial application used during the manufacturing process enables these tiles to prevent habitation of germs like bacteria and fungus, making them an ideal choice for today's health-conscious consumers.

SCRATCH RESISTANT
STAIN RESISTANT

Confidently Smooth, Comfortably Stylish.

As smooth as the breezing wind, 'Meta Surface' is yet another achievement for us. The exceptional surface is achieved with the exclusive and patented Italian technology, which is the first of its kind in India. It takes the surface quality to where no other technology can reach.

With this innovation, we have overcome the myth that smooth surfaces get scratches and stains. Despite having the unmatched smoothness, 'Meta Surface' is resistant to scratches.

Casa All Collection

OUR NAME STANDS FOR TECHNICAL AND AESTHETIC EXCELLENCE.

Around the world, we proudly promote materials that best express that Made in India aesthetic, style and technical excellence.

On the international market, our name is synonymous with Full body tiles technical porcelain stoneware that offers extremely high technical and aesthetic performance. We transform top quality raw materials into ceramic projects able to interpret the many requirements of a continuously evolving world.

TILES OF INDIA

Tiles of India is the certified brand of origin which exclusively marks all products fully manufactured in India representing the decades old values system of the Indian Ceramic Industry. We support all those values promoted by the Indian Ceramics code of ethics, from 100% Indian production to social and environmental responsibility.

100% ISO 9001 : 2015 certification is internationally recognised and represents a guarantee of the excellence and quality of the management system. CASA TILES decided of its own accord to undertake this important process, adopting a set of rules, responsibilities and checks to improve the efficiency of processes and customer satisfaction, to boost its competitiveness and maintain compliance with the highest quality standards.

SAFETY SYSTEM MANAGEMENT

The health and wellbeing of employees are crucial priorities for CASA TILES. the attainment of ISO 45001 certification strengthens a business culture that sees safety not simply as a question of regulatory compliance, but as an essential part of working processes. Regulation is a necessary tool for generating a new model of sustainable competitiveness that can improve company performance across the board.

ECO-SUSTAINABLE DEVELOPMENT

ENVIRONMENTAL MANAGEMENT

CASA TILES conforms with the environmental regulations envisaged by the ISO 14001 certification. This certification measures and controls the reduced environmental impact of production sites, through an environmental management system based on strict parameters.

Casa Tiles CONTRIBUTES TOWARDS ENERGY EFFICIENCY THROUGH:

- 100% recycling of waters used
- 100% recycling of unfired and fired waste
- 100% recycling of packaging and pallets
- 60% recycling of waste.

LOW ATMOSPHERIC GAS EMISSIONS

- 100% Water Consumption Savings
- 100% Recycling of Unfired Waste
- 100% Recycling of Fired Waste
- 100% Recycled Packaging
- 70% Recycling of Industrial Waste
- Noise Pollution Monitoring
- 100% Recycled Pallets

LOW ATMOSPHERIC GAS EMISSIONS

100% WATER CONSUMPTION SAVINGS

100% RECYCLING OF UNFIRED WASTE

100% RECYCLING FIRED WASTE

100% RECYCLED PACKAGING

90% RECYCLING OF INDUSTRIAL WASTE

NOISE POLLUTION MONITORING

100% RECYCLED PALLETS

IMC is a voluntary certification system, for the design, construction and management of high performance sustainable buildings; it promotes an integrated design system that concerns the whole building. It is developed by the U.S. INTERNATIONAL MANAGEMENT COUNCIL (USIMC), an association which provides a global approach to sustainability, providing recognition for virtuous performance levels in key areas of human and environmental health. The system is based on rating credits for each of the requisites featuring the sustainability of the building. The sum of the credits composes the certification level achieved.

Grease	Alkaline – Solvent	Detergent
Oil	Solvent	Ammonia, Backing Soda
Ink	Oxidant – Solvent	Alcohol, Liquid Bleach, Nail Paint Remover
Rust	Acid	Hydrochloric Acid, Vinegar, Red Harpic
Lime	Acid	Descaling Reagent, Hydrochloric Acid
Cement	Acid	Hydrochloric Acid
Wine	Alkaline	Ammonia, Liquid Bleach
Coffee	Alkaline – Solvent	Ammonia, Liquid Bleach
Rubber	Solvent	Alcohol, Thinner
Plaster	Acid	Hydrochloric Acid
Candle Wax	Solvent	Alcohol, Thinner
Iodine	Oxidant	Liquid Bleach
Blood	Oxidant	Liquid Bleach
Ice Cream	Alkaline	Liquid Bleach

Our products are non porous (due to their high quality raw materials, stringent production parameters and state of the art technology), hence any dust or deposited waste cannot penetrate the surface. For most cases only a damp cloth is sufficient for cleaning. Regular cleaning highlights the aesthetic features of the surface and gives it exceptional shine. For highly aggressive cleaning caused by some common food and substances follow the table below.
